twins gail and lynn loved being twins growing up they were protective of each other counted on each other and always had a partner in sports they signed an unwritten oath to never rat on each other that means they never admitted to doing something wrong or wild and crazy they either both confessed they were guilty or both confessed to being innocent their bond and loyalty were unbreakable which the average person does not understand when in trouble they became one person with a united front it was never discussed just understood

this book provides a comprehensive update on the management of multiple pregnancy which is becoming more common and is associated with increased maternal and perinatal mortality and morbidity offering a practical guide and a wealth of videos images and illustrations the book will help clinicians to feel more confident when caring for women with multiple pregnancy its main objectives are to increase the level of knowledge of healthcare professionals involved in the care of these women to update their knowledge in keeping with the recommendations of the latest national and international guidelines and to promote a multidisciplinary approach to the management of women with multiple pregnancy

examines the subject of human and animal twins scientific studies of twins and unusual stories about twins

although the field of child and adolescent development seems to be an easy one in which to provide active learning opportunities to students few textbooks currently exist that actually do this

this widely acclaimed reference work gives a comprehensive survey of all significant human malformations and related anomalies from the perspective of the clinician the anomalies are organized by anatomical system and presented in a consistent manner including details of the clinical presentation epidemiology embryology treatment and prevention for each anomaly when known the molecular or other pathogenetic basis for the malformation is given most anomalies are illustrated by photographs or drawings specific malformations are linked to syndromes through the extensive use of differential diagnosis tables over a decade has passed since the first edition of this book was published and the revised edition fully incorporates the advances made in the field during the intervening years it reflects new understanding of human developmental biology that has emerged from molecular cytogenetic and biochemical studies new observations by clinicians as well as enhanced diagnostic and prevention capacities and more accurate and comprehensive epidemiology by condensing much of the information presented in the first volume of the previous edition and exercising rigorous editorial control drs stevenson and hall and their contributors have managed to update the book while reducing its size to that of a single volume all clinicians and scientists interested in birth defects including pediatricians geneticists genetic counselors obstetricians and pediatric pathologists will find this book to be an invaluable source of information

research is increasingly showing the effects of family school and culture on the social emotional and personality development of children much of this research concentrates on grade school and above but the most profound effects may occur much earlier in the 0-3 age range this volume consists of focused articles from the authoritative encyclopedia of infant and early childhood development that specifically address this topic and collates research in this area in a way that isn't readily available in the existent literature covering such areas as adoption attachment birth order effects of day care discipline and compliance divorce emotion regulation family influences preschool routines separation anxiety shyness socialization effects of television etc this one volume reference provides an essential affordable reference for researchers graduate students and clinicians interested in social psychology and personality as well as those involved with cultural psychology and developmental psychology presents literature on influences of families school and culture in one source saving users time searching for relevant related topics in multiple places and literatures in order to fully understand any one area focused content on age 0-3 save time searching for and wading through lit on full age range for developmentally relevant info concise understandable and authoritative for immediate applicability in research

ebony is the flagship magazine of johnson publishing founded in 1945 by john h johnson it still maintains the highest global circulation of any african american focused magazine

pratiyogita darpan monthly magazine is india s largest read general knowledge and current affairs magazine pratiyogita darpan english monthly magazine is known for quality content on general knowledge and current affairs topics ranging from national and international news issues personality development interviews of examination toppers articles write up on topics like career economy history public administration geography polity social environment scientific legal etc solved papers of various examinations essay and debate contest quiz and knowledge testing features are covered every month in this magazine

even twins are unique most people idealize twins fantasizing a close perpetually loving relationship yet klein herself an identical twin demonstrates that twins have complicated and intense relationships that range from over identification or excessive closeness to profound estrangement and conflict most twins who are raised as individuals deal with the significant emotional pain of separation in adolescence or young adulthood yet as mature adults can come to love and respect each other as individuals as klein makes clear the parenting that twins receive as infants and young children affects the relationships that they have with one another and with the world they choose to function in because parenting is a critical determinant of psychological well being it should be treated as a serious but manageable challenge this book is a must read for twins their parents and scholars students and other researchers and professionals dealing with mental health and child development

important american periodical dating back to 1850
